**LOCAL EXCHANGE SERVICES****5. Business Local Exchange Service (Continued)****5.3 Sprint Integrated Local Services #**

(N)

Sprint Integrated Local Services includes unlimited business Local Exchange Service, Touch Tone Calling Service, and certain features.

Sprint Integrated Local Services bundles are available for one-year, two-year and three-year commitment periods. Customers must subscribe for a minimum one-year period. If the Customer terminates all or any portion of the services before the end of the term commitment, the Company may assess a termination liability equal to 100% of the monthly recurring charge multiplied by the number of months left in the first contract year, plus 50% of the monthly charge for each month remaining in subsequent contract years. The Company will not charge early termination liabilities if, upon giving notice of termination, the Customer orders another Sprint service with a monthly charge and term commitment equal to or greater than those services being terminated.

Commitment periods can be extended by the Customer at any time during the term of the plan. The number of months accrued in the current plan will apply toward the new plan selected. If the Customer does not specify renewal terms in writing 90 days prior to the expiration of the service period, the existing rates in effect at the time of expiration will automatically continue. The Customer can terminate Sprint Integrated Local Services at the end of the service period with no penalty or obligation to continue the service.

# Effective August 1, 2012, Sprint Integrated Local Services will no longer be offered to new customers. Service will continue to be provided to existing Sprint Integrated Local customers. However, existing Sprint Integrated Local customers may not make any moves or additions to their existing lines or services, at their present location or at any new location.

**5.3.6 Sprint ISDN-PRI for Business****A. Description**

Sprint ISDN-PRI for Business includes the following:

1. A high speed end-to-end digital switched service that provides PBX and host computers access to switched services via an ISDN central office. The service can carry voice, data and video simultaneously. Traffic can be inward, outward or a combination of both. This is controlled by the Customer's CPE. Local exchange access includes unlimited local calling.

A facility consists of up to twenty-three "B" (Bearer) channels and one "D"(Delta) channel at a total speed of 1.544 Mbps. The D channel is used for signaling and can usually handle an additional 19 ISDN facilities containing 24 B channels. The local channel may be a DS1 with clear channel capability;

2. Features: Caller ID-Number Only, Block of 10 DID Numbers and Line Hunting.

One directory listing will be provided per D-Channel. Additional directory listings are available as specified in Section 6 of this Tariff.

**B. Optional Service Component**

The following Service Component is also available with the Sprint ISDN-PRI for Business:

**PRI D Channel** - A D channel may be designated as a Backup D channel for another D channel that provides signaling and control for one or more ISDN PRI connections. Enables the Customer to complete calls to a busy station without continually redialing. Certain equipment restrictions may apply.

- # Effective August 1, 2012, Sprint Integrated Local Services will no longer be offered to new customers. Service will continue to be provided to existing Sprint Integrated Local customers. However, existing Sprint Integrated Local customers may not make any moves or additions to their existing lines or services, at their present location or at any new location.

**5.3.9 Term Discount Plan (TDP)**

The Term Discount Plan (TDP) provides customers with discounted rates for Sprint Integrated Local Services.

The discount applies to the monthly recurring charge for Sprint Integrated Local Services and all optional services and features ordered from this Tariff.

At the end of the TDP service commitment period, the customer may subscribe to a new TDP at the prevailing rates. If the customer does not select a new TDP, the prevailing rates applicable for the expired TDP will continue in effect for as long as the customer chooses to continue subscribing to the services installed under the expired TDP.

Rate increases or decreases will automatically be applied to the monthly term plan rates for the remaining term of the TDP.

The customer can extend TDP commitment periods at any time during the term of the plan, up to a maximum of three years. The number of remaining months in the original term plan will apply toward the new term plan selected.

If customers under a TDP disconnect any portion of their Sprint Integrated Local Services TDP service prior to the expiration of the TDP, then a Termination Liability Charge will apply to those services that are disconnected. The Termination Liability Charge will be equal to 100% of the monthly recurring charge for each month remaining in the first contract year, plus 50% of the monthly recurring charge for each month remaining in subsequent years. The Company will not charge early termination liabilities, if, upon giving notice of termination, the customer orders another Sprint Integrated Local Services with a monthly charge and term commitment period equal to or greater than those services being terminated.

<u>Commitment Period</u>	<u>Discount</u>
One Year	5%
Two Year	10%
Three Year	15%

- # Effective August 1, 2012, Sprint Integrated Local Services will no longer be offered to new customers. Service will continue to be provided to existing Sprint Integrated Local customers.
